

Product Code: SR630i

# Pediatric Smart Scale II

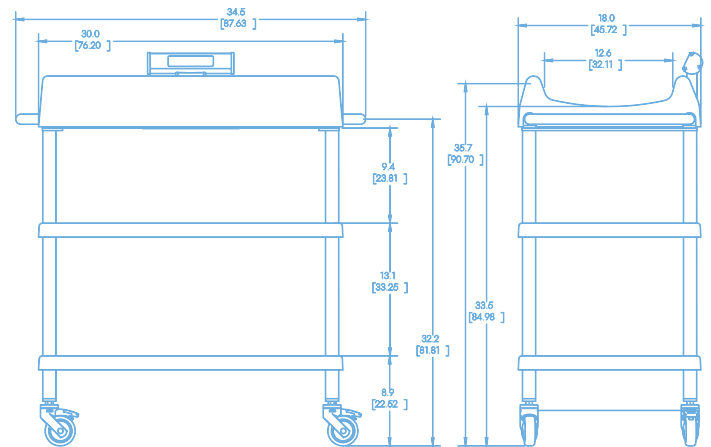

The SR630i Pediatric Smart Scale II provides reliable and accurate weight data for infants up to 20 kilograms. The large, durable contoured weighing platform provides a safe and comfortable base for infants and toddlers. The easy to read 16-character LCD can display weight information in any of the four modes:

- Pounds/ounces: ¼ oz increments
- Pounds decimal: 0.01 pound increments
- Kilograms: 0.005 kilo increments
- Grams: 5 gram increments

- **Antimicrobial Technology** - provides continuous protection against bacteria.
- **Portable** – Scale can be easily moved from one location to another using the built-in handles.
- **Memory recall** – Recalls the last stored weight.
- **Battery or AC powered** – 6 D cell batteries provide 10,000 weigh cycles with programmable auto power down (APD) to conserve power.
- **Aluminum plate construction** – Antimicrobial composite weighing platform is durable, light weight and easy to clean.
- **EHR/EMR Ready** – Serial data output for connection with electronic medical record (EMR) systems.
