

# SurgiLance™ Sterile lancet

Produces a single drop of blood for glucose testing.

- Our patented design ensures that glucose draws for newborns are faster, easier, and more comfortable.
- Automatically fires at the correct pressure to collect the precise sample size required for glucose testing.
- SurgiLance® and NeatNick® make for ideal companions for all newborn blood draws.
- Designed with the patient in mind.

The use of the right pressure and controlled needle depth minimizes discomfort during the procedure.

Select a 1.0 mm depth for preemies or a 1.8 mm depth for full-term babies.

Item #	Description
<b>1040041</b>	Surgilance Lancet 1.8mm dpt (g21) 100/bx
<b>1040043</b>	Surgilance Lancet 1.0mm dpt (g21) 100/bx

### Smart by design

SurgiLance provides an adequate sample for glucose testing. Eliminate the need for a large lancet to collect a small sample.

### Safe by design

The single-use needle retracts into the plastic body and locks after each patient use.
